

# OneSource Virtual and Workday for Higher Ed

## Empower your institution with seamless payroll, benefits, and AP solutions

Higher education is faced with an increasingly complex set of challenges, from rising operational costs and regulatory pressures to limited budgets and personnel. These problems are further compounded by outdated technology, which makes it difficult to scale operations, manage aging workforces, and ensure financial stability. Clearly, traditional approaches are no longer enough to keep pace with these demands. Innovative solutions are essential to drive your institution forward.

"Knowing that you can contract with someone who's got the expertise and the knowledge and the know-how to get those things done, it's so valuable."

**Shannon Medley**  
Assistant Director, Payroll and Tax  
Office, Florida Polytechnic University

### OSV can help:

**Reduce overhead** by outsourcing payroll, benefits, and AP, minimizing the need for large, in-house departments.

**Minimize data breaches and errors** with our secure, in-tenant model and proactive data management.

**Be future-ready with services that scale**, providing flexibility during growth or decline.

**Improve faculty and staff morale** with accurate payroll processing and financial well-being tools, aiding retention and engagement.

**Enhance operational efficiency** with automated processes, data audits, and robust customer support.

## Our services include:

- **Payroll administration services:** Ensure timely and accurate payroll with our automated services that reduce manual intervention and minimize errors.
- **Automated payroll tax filing:** Reduce the risk of errors and missed deadlines with automated tax filing and remittance services.
- **Real-time reporting:** Access detailed, real-time reports to maintain data quality, transparency, and accountability.
- **Integrated benefits administration:** Let us manage and administer benefits programs directly within Workday, simplifying processes for your HR team.
- **Automated invoice processing:** Save time and reduce errors with automated invoice capture, coding, and approval workflows.

"I can sleep well at night knowing that the direct deposits are going to be made, paper checks are going to be mailed, taxes are going to be filed, garnishment payments are going to be made."

Shannon Medley, Assistant Director, Payroll and Tax Office, Florida Polytechnic University

## Why OneSource Virtual?

### Seamless integration with Workday

Our solutions integrate effortlessly with your existing Workday environment, ensuring a unified experience across your institution.

### Scalable solutions

Whether you're a small college or an extensive university system, our services scale to meet your needs as you grow.

### Expert support

Our professionals offer tailored support and guidance to meet your needs.

### Commitment to innovation
